

# STATEMENT

The City of Taguig, through its Safe City Task Force, has been closely coordinating with the Philippine Stock Exchange (PSE) to ensure the safety of its employees and other workers.

Earlier today, the PSE trading floor and head office in Bonifacio Global City voluntarily closed for 24 hours after an employee tested positive for COVID-19.

Together with PSE safety officers, the local government will facilitate contact-tracing and disinfection of the premises. Taguig has also coordinated with the national testing center at the Enderun Colleges in McKinley Hill to conduct PCR test on PSE employees who physically report to the PSE offices beginning with the frontline staff and will provide vehicles to transport them.

The city government is committed to working closely with all stakeholders to keep Taguig safe and open for business.
